Spring 2015 Colloquium Series

“A Computational Mathematician Combusts - Simulation of *in-situ* Combustion for Heavy Oil Recovery”

Dr. Margot Gerritsen
Associate Professor of Energy Resources Engineering
Stanford University

Monday, April 6, 2015
Siemens Hall Room 108, 4 p.m.

Large-scale production of very heavy oil is gaining momentum. Unfortunately, production of such reservoirs typically leads to large environmental impacts. One promising technique that may mitigate these impacts is in-situ combustion (ISC).

For a complete abstract, go to <http://www.humboldt.edu/math/news-and-events/math-colloquium>

We invite you to the Pre-colloquium Tea on the third floor of the BSS building at 3:15 on Monday.
