Spring 2015 Colloquium Series

The Pythagorean Theorem and the Enduring Beauty of Mathematics

**John Martin, Instructor of Mathematics
Santa Rosa Junior College**

Thursday, January 29, 2015

Behavioral and Social Sciences Building Room 166, 4 p.m.

In the 1800's, Charles Dodgson observed, "The Pythagorean theorem is as dazzlingly beautiful now as it was the day when Pythagoras first discovered it." In this talk, we will explore the history of the theorem and the beauty that it still reveals today.

For a complete abstract, go to <http://www.humboldt.edu/math/news-and-events/math-colloquium>

***We invite you to the Pre-colloquium Tea on the third floor of the BSS
building at 3:30 on Thursday.***
