Darts-Visualizing Probability: Simulations, Graphs & Mapping Diagrams

Dr. Martin Flashman, Cal Poly Humboldt, Dept. of Mathematics

Throwing darts provides a powerful (continuous) example for such core probability concepts as sample space. random variable. density, distribution and mean. Professor Flashman will work through visual examples in an online GeoGebra class and book that use simulations, Cartesian graphs, and mapping diagrams. No prior GeoGebra experience presumed.

Thursday, February 9th

4 PM

BSS 166

WE CORDIALLY INVITE YOU TO THE PRE-COLLOQUIUM TEA in BSS 312 AT 3:30 PM
